HAYES SEED HOUSE

CURTIS & NORTH KANSAS

TOPEKA, KANSAS

TO OUR CUSTOMERS WHO
BOUGHT SEEDS OF US IN 1936.

Dear Friends:

I am going to give you a full \$1.00 worth of our fine Garden or Flower Seeds for only 60c—if you will do me a small favor.

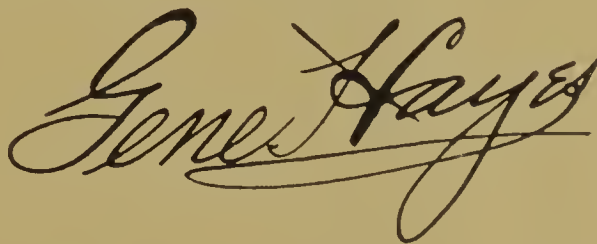

Just send me the names of 10 of your neighbors who buy seeds and who would like to receive our big 1937 catalogue of seed bargains and I will let you select \$1.00 worth of our seeds for only 60c. This gives you 40c worth of seeds for just sending us the names.

You may order your seeds anytime up to January 1, 1937, but I want you to send me the names NOW, as we are preparing our 1937 catalogue which we will mail free about the first of the year to all the names we receive.

If you also wish to order now, just make your selection from this special circular or from our last year's catalogue and mail to us with your 60c. We will mail seeds as soon as you say you want them.

But the main thing is for you to SEND US THE NAMES NOW. We are going to get our catalogue out early and will mail it early, too. So just take your pencil and write down the names on the blank provided on page 7 of this circular and mail to us in the enclosed, self-addressed envelope. I will be watching the mail for your letter.

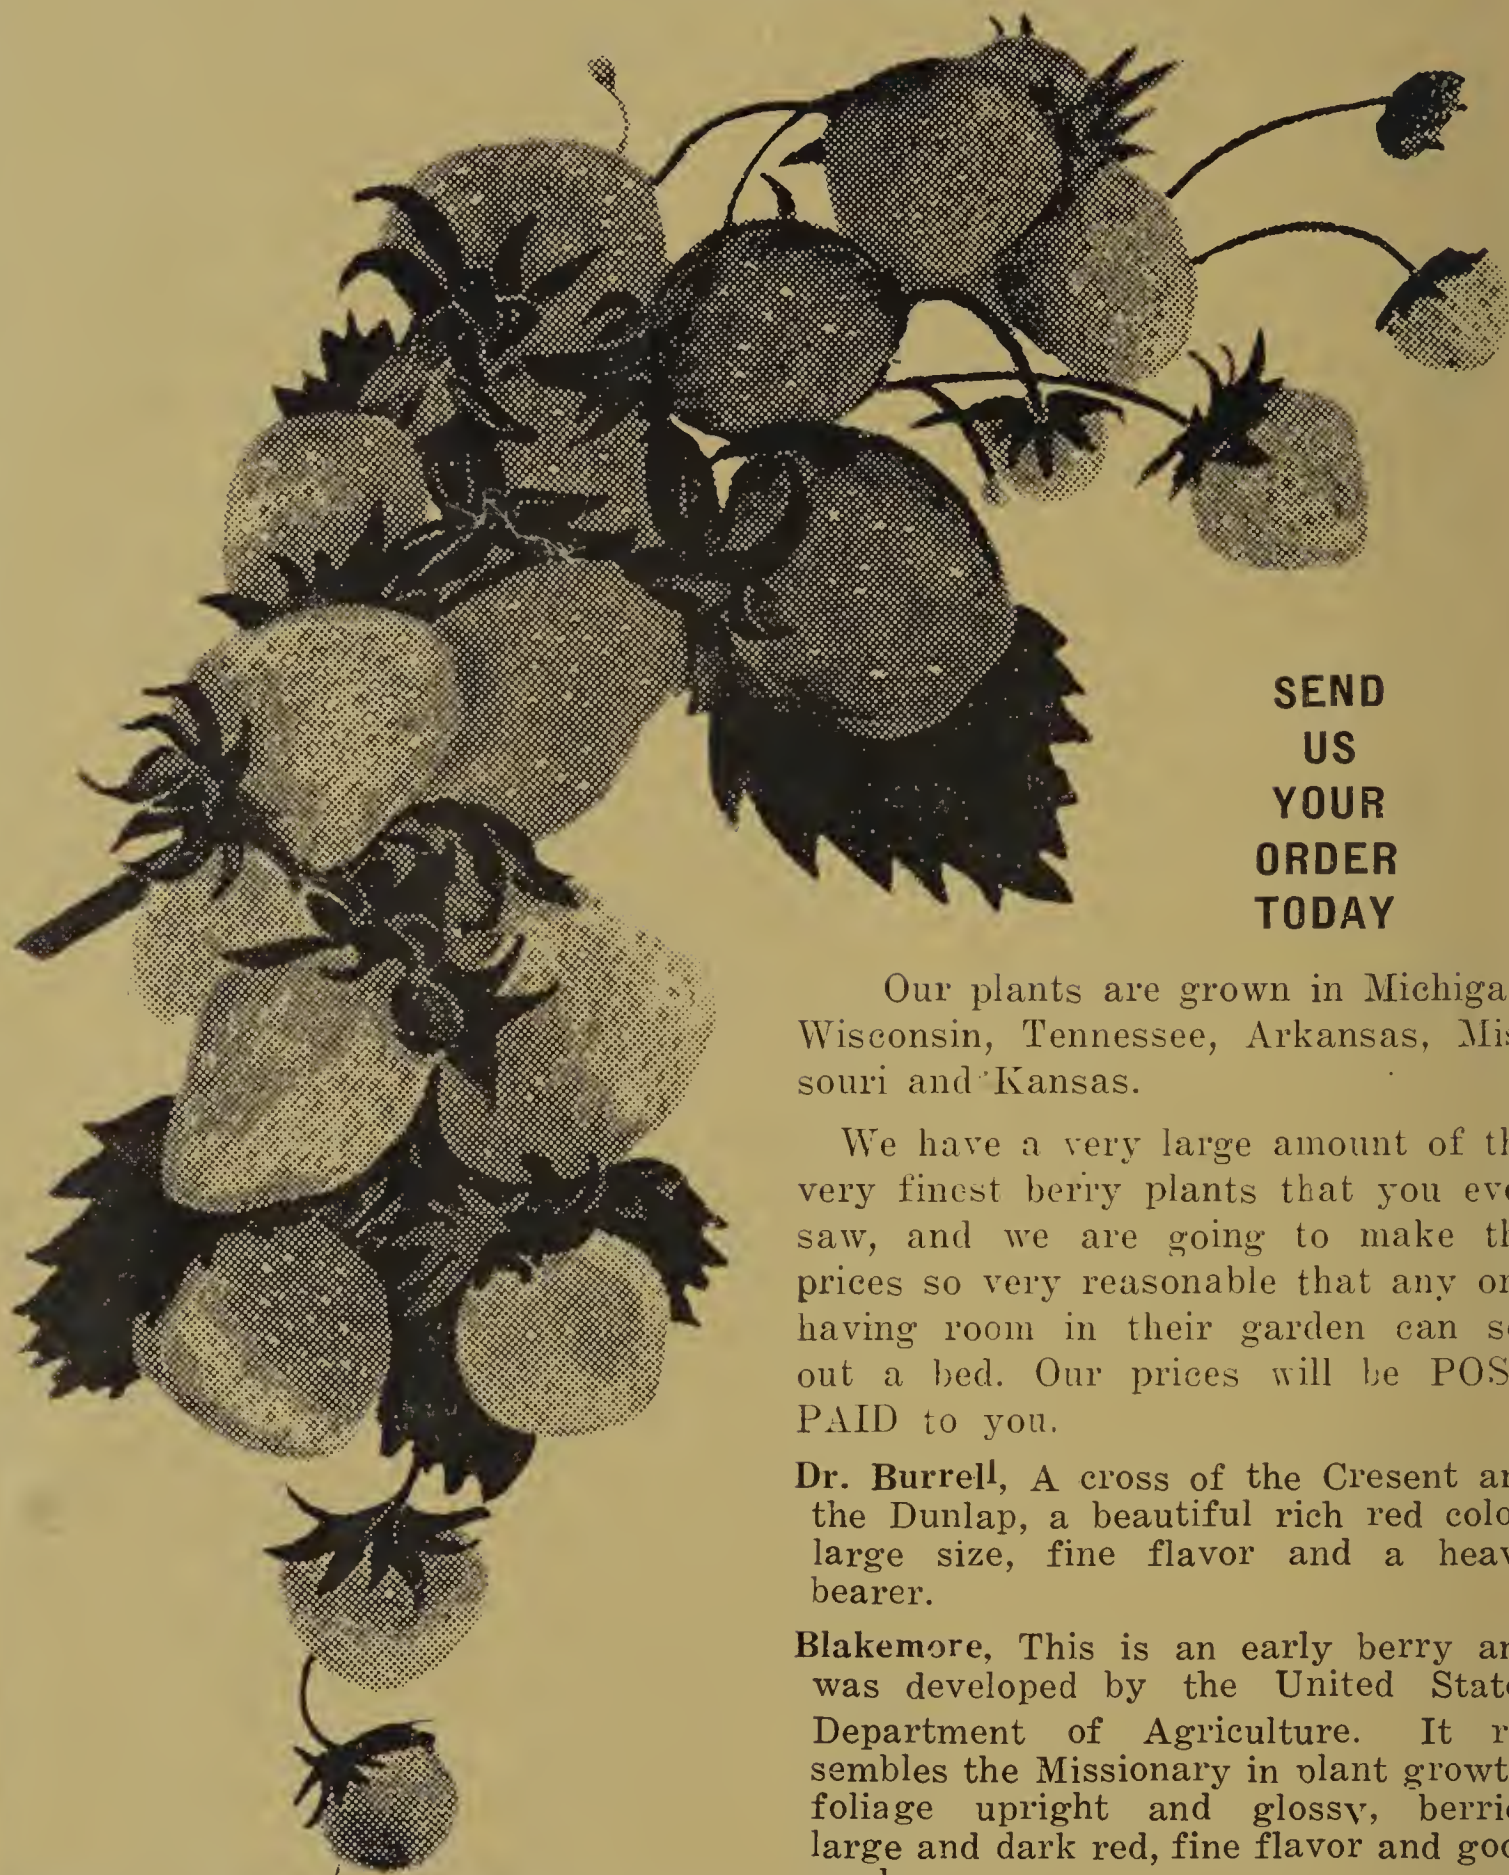

Yours respectfully,
HAYES SEED COMPANY

A handwritten signature in cursive script, reading "Gene Hayes". The signature is written in dark ink and is positioned below the typed name "Gene Hayes" in the signature block.

P. S. Another thing to remember is that this has been a very bad year on all seed producing sections. There will be a scarcity of many seeds. By letting me hear from you now, I will know just what to have on hand when it is time to fill your order.

Strawberry Plants

Our plants are grown in Michigan, Wisconsin, Tennessee, Arkansas, Missouri and Kansas.

We have a very large amount of the very finest berry plants that you ever saw, and we are going to make the prices so very reasonable that any one having room in their garden can set out a bed. Our prices will be POST PAID to you.

Dr. Burrell, A cross of the Crescent and the Dunlap, a beautiful rich red color, large size, fine flavor and a heavy bearer.

Blakemore, This is an early berry and was developed by the United States Department of Agriculture. It resembles the Missionary in plant growth, foliage upright and glossy, berries large and dark red, fine flavor and good producer.

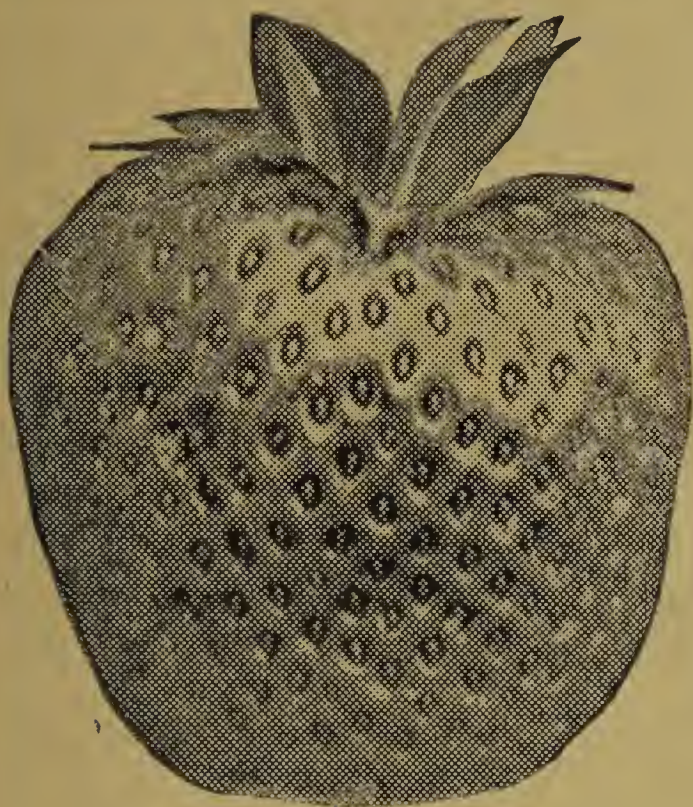

Missionary, This berry is a favorite in the south where large acreage is planted for shipping early berries to northern markets. It is very desirable for home use.

Aroma, A popular late variety, foliage deep green, berries a bright red and a wonderful flavor.

Dunlap, One of the grandest berries grown, does well in most locations, a fine table berry, good shipper and a heavy cropper.

Premier, By all means give this berry a trial. It is early and produces an abundance of fine large berries. It is classed as one of the frost-proof varieties.

(See Next Page)

STRAWBERRIES

Redgold, A mid-season berry, one of the finest flavored berries grown.

Big Joe, A mid-season berry which is becoming a favorite and should be given a trial in every berry patch.
